**Instructions**

This fun free chart is a "Lucky Biscornu"! You may want to stitch it with some metallics, just for fun!

When you are designing the back piece of this you may want to do a 4 leaf shamrock just for extra Luck!!! Be sure to back stitch the border in 2 strands of floss... this makes it a lot easier to put together! The X in the middle indicates where you can put your button or bead when you are putting it together!
