

The Main Street Stitcher's Garden Newsletter #14

June 17, 2009

We had such a *fun* time at Spring Fling! Lots of stitching, laughing and shopping! Quite a few people finished projects and started new ones! Some very old UFO's were dusted off and worked on! Too Fun! The consensus was "Lets do this again next year!" Sooo, start thinking about it for about the same time next year! More pictures on the web site!

We have a new designer in from Germany! Her name is Elisa Tortonesi-Siess. She has wonderful patterns. The charts are black and white. You choose the fibers, and fabric. Be creative! These also look great done with a variegated fiber!

This is just a sampling of the patterns from her that we have in..

We also want to remind you about Camp Ya-Gotta-Go-Stitch in September. The link is also on our website. This year they have changed the contract a bit and we need to know WAY in advance the number of rooms we need. So, if you could, just let us know if you are definitely planning to go we can save the right amount of rooms for our group. Thanks ever so much!
